

To Our Vendors:

On May 5, 2008, Tropicana Entertainment, LLC filed voluntary petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code. The properties included in the filing are listed below.

Please be assured that our business is sound. We are cash flow positive on an operational basis which, combined with the financing of \$67 million we have secured as part of our filing, provides us more-than-adequate resources to meet our financial obligations.

During this process, we are committed to paying all of our vendors on a timely basis. We have complete authority to make payments in full for services and goods received after the date of filing. Payment of pre-petition indebtedness will be settled as part of our Plan of Reorganization, and we are committed to reaching the best possible terms.

Moreover, we are confident the Chapter 11 process will be a positive agent of change that will allow us to emerge as a better, stronger company – a goal that, once achieved, will be beneficial to us all.

We look forward to working together for many years to come and will continue to keep you informed as we move through this process. To this end, we have attached a copy of today's press release and provided answers to some of the most frequently asked questions. Additionally, to help expedite your process, a Proof of Claims form is available at <http://www.kccllc.net/tropicana>. Please contact the property's general manager if you have any additional questions.

Thank you for your continued service to our company.

Sincerely,

Tropicana Entertainment, LLC
